

VISION 2020: BUILDING THE BODY as WE BUILD THE BUILDING

But grow in the grace and knowledge of our Lord and Savior Jesus Christ.
To him be glory both now and forever! Amen. (2 Peter 3:18 NIV)

Construction Parking and Pedestrian Plans

REVISED 12/05/19

Please take a moment to review **UPDATES** to the WABC Construction Parking and Pedestrian Plans and Map presented below. This information will help you plan for your arrival for Sunday worship and any ministry activities during the week.

When preparing to attend Sunday Worship, please allow extra time for parking and walking. **Please watch your steps and be mindful of cell phone use while walking**, and please follow the instructions of the security personnel, police officers and posted signage.

This **UPDATE** relates to Vehicle and Pedestrian flow over the **next 6 weeks**. These changes will allow our contractors to build out what will be the finished driveway and pedestrian pathway to the New Sanctuary.

(UPDATE) CONSTRUCTION PERIMETER

- A temporary construction perimeter fence has been re-configured to setup around the south side and back of the Sanctuary. This updated position will block pedestrian access to the back door of the Sanctuary. Non construction related access will be prohibited.

(UPDATE) ACCESS TO SANCTUARY

- The designated Vehicle and Pedestrian and Pathways have been updated due to the temporary perimeter fence around the Sanctuary
- The new Handicap Parking lot has been striped and will be used as the vehicle pathway (**BROWN**), to the Sanctuary
- A newly poured pedestrian pathway (**LIGHT BLUE**) has been installed along the north wall of the Christian Life Center. This walkway will be our only pedestrian path to the Sanctuary for the next six weeks.
- A newly poured ramp has been installed between the CLC parking lot and the drive path to the Sanctuary.
- This ramp will be used, under enhanced flow control, to safely allow alternating vehicles and pedestrian passaged to and from the Sanctuary.

(UPDATE) PEDESTRIAN PATHWAYS AND ACCESS MAP

- Congregant flowing from the Main Parking Lot will merge into the temporary pedestrian pathway (**LIGHT BLUE**)
- The Pedestrian Pathway indicated in (**LIGHT BLUE**) on the map, is the only way to access the Sanctuary other than shuttle drop-up/pickup.
- Be mindful of the shuttles, on the Vehicle Pathway indicated in (**BROWN**) on the map, as you walk along the pathways.
- Access will be available from the Christian Life Center (CLC) double doors to the Pedestrian Pathway leading to the Sanctuary.
- Pedestrian access to the campus from lots other than the Main Parking Lot will be limited to the public sidewalks.
